

Overview of the applicant's results of scientific training activities of doctoral students

Successfully finished

Name	Study program	Topic name	Year of completion
Martin Mojto	Process Control	Data-driven Design of Linear Soft Sensors	2023

Currently in training

Name	Study program	Topic name	Dissertation exam
Faber Rastislav	Process Control	Hybrid modeling and real-time optimization of processes	2023
Trautenberger Rudolf	Process Control	Robust design of optimal experiments	-
Ananya Lohani	Smart Process Control	Development of reliable and explainable models for industrial monitoring, optimization and control	-

In Bratislava, on 31. 1. 2026

prof. Ing. Miroslav Fikar, DrSc.
